ROYAL RESIDENCES

Sparkling the Smiles of Sunshine Happiness

V
isionaries Planning The Future

We Do Not Make Buildings

The Golden Legacy of Manglam Group does not quote us of being just another dwelling unit maker, but as a promoter and creator of ever new and unique standards of living. That is the reason we say that we have made 57 different lifestyles till date and not just buildings. And this too is just a beginning. The latest lifestyle that we have envisaged is of a Modern and Futuristic one that will enhance city's 'luxury living' experience. And the name of this beautiful experience is **Manglam Radiance**.

I Am The Future

Manglam Radiance will begin an era of Modern and Futuristic living in Jaipur. It will not just be a building, but a symbol of contemporary thinking. Five magnificent towers of Manglam Radiance will boast of being the first residential building that will practically take a quantum leap, redefining what the popular notion of luxury living is today. Let the magnum opus – **Manglam Radiance** speak for itself.

I Stand Tall Shining & Proud
I Am The New Sheen Of High Life
I Am As Magnificent As Magnificence Can Be
I Am The Luxury Never Seen Before
I Am A Lifestyle From The Future
I Am Not An Address. I Am The New Milestone
I Am The Radiance
Of Modern Luxury

LIFE AROUND RADIANCE

Road To Luxury

LOCATION ADVANTAGE

Radiance will enhance the look of Jaipur. The skyline will be re-drawn and will portray an image that is much ahead of its time. The mere sight of Radiance would be a visual delight for the passers by. It offers 'three side approach' to road.

Situated in one of the most posh areas of Jaipur— TONK ROAD, Radiance is being escalated amidst:

WORLD CLASS NEIGHBORHOOD

HOTELS Jaipur Marriott | The Fern | Radisson Blu | Roy | Orchid | The Lalit | Clarks Amer

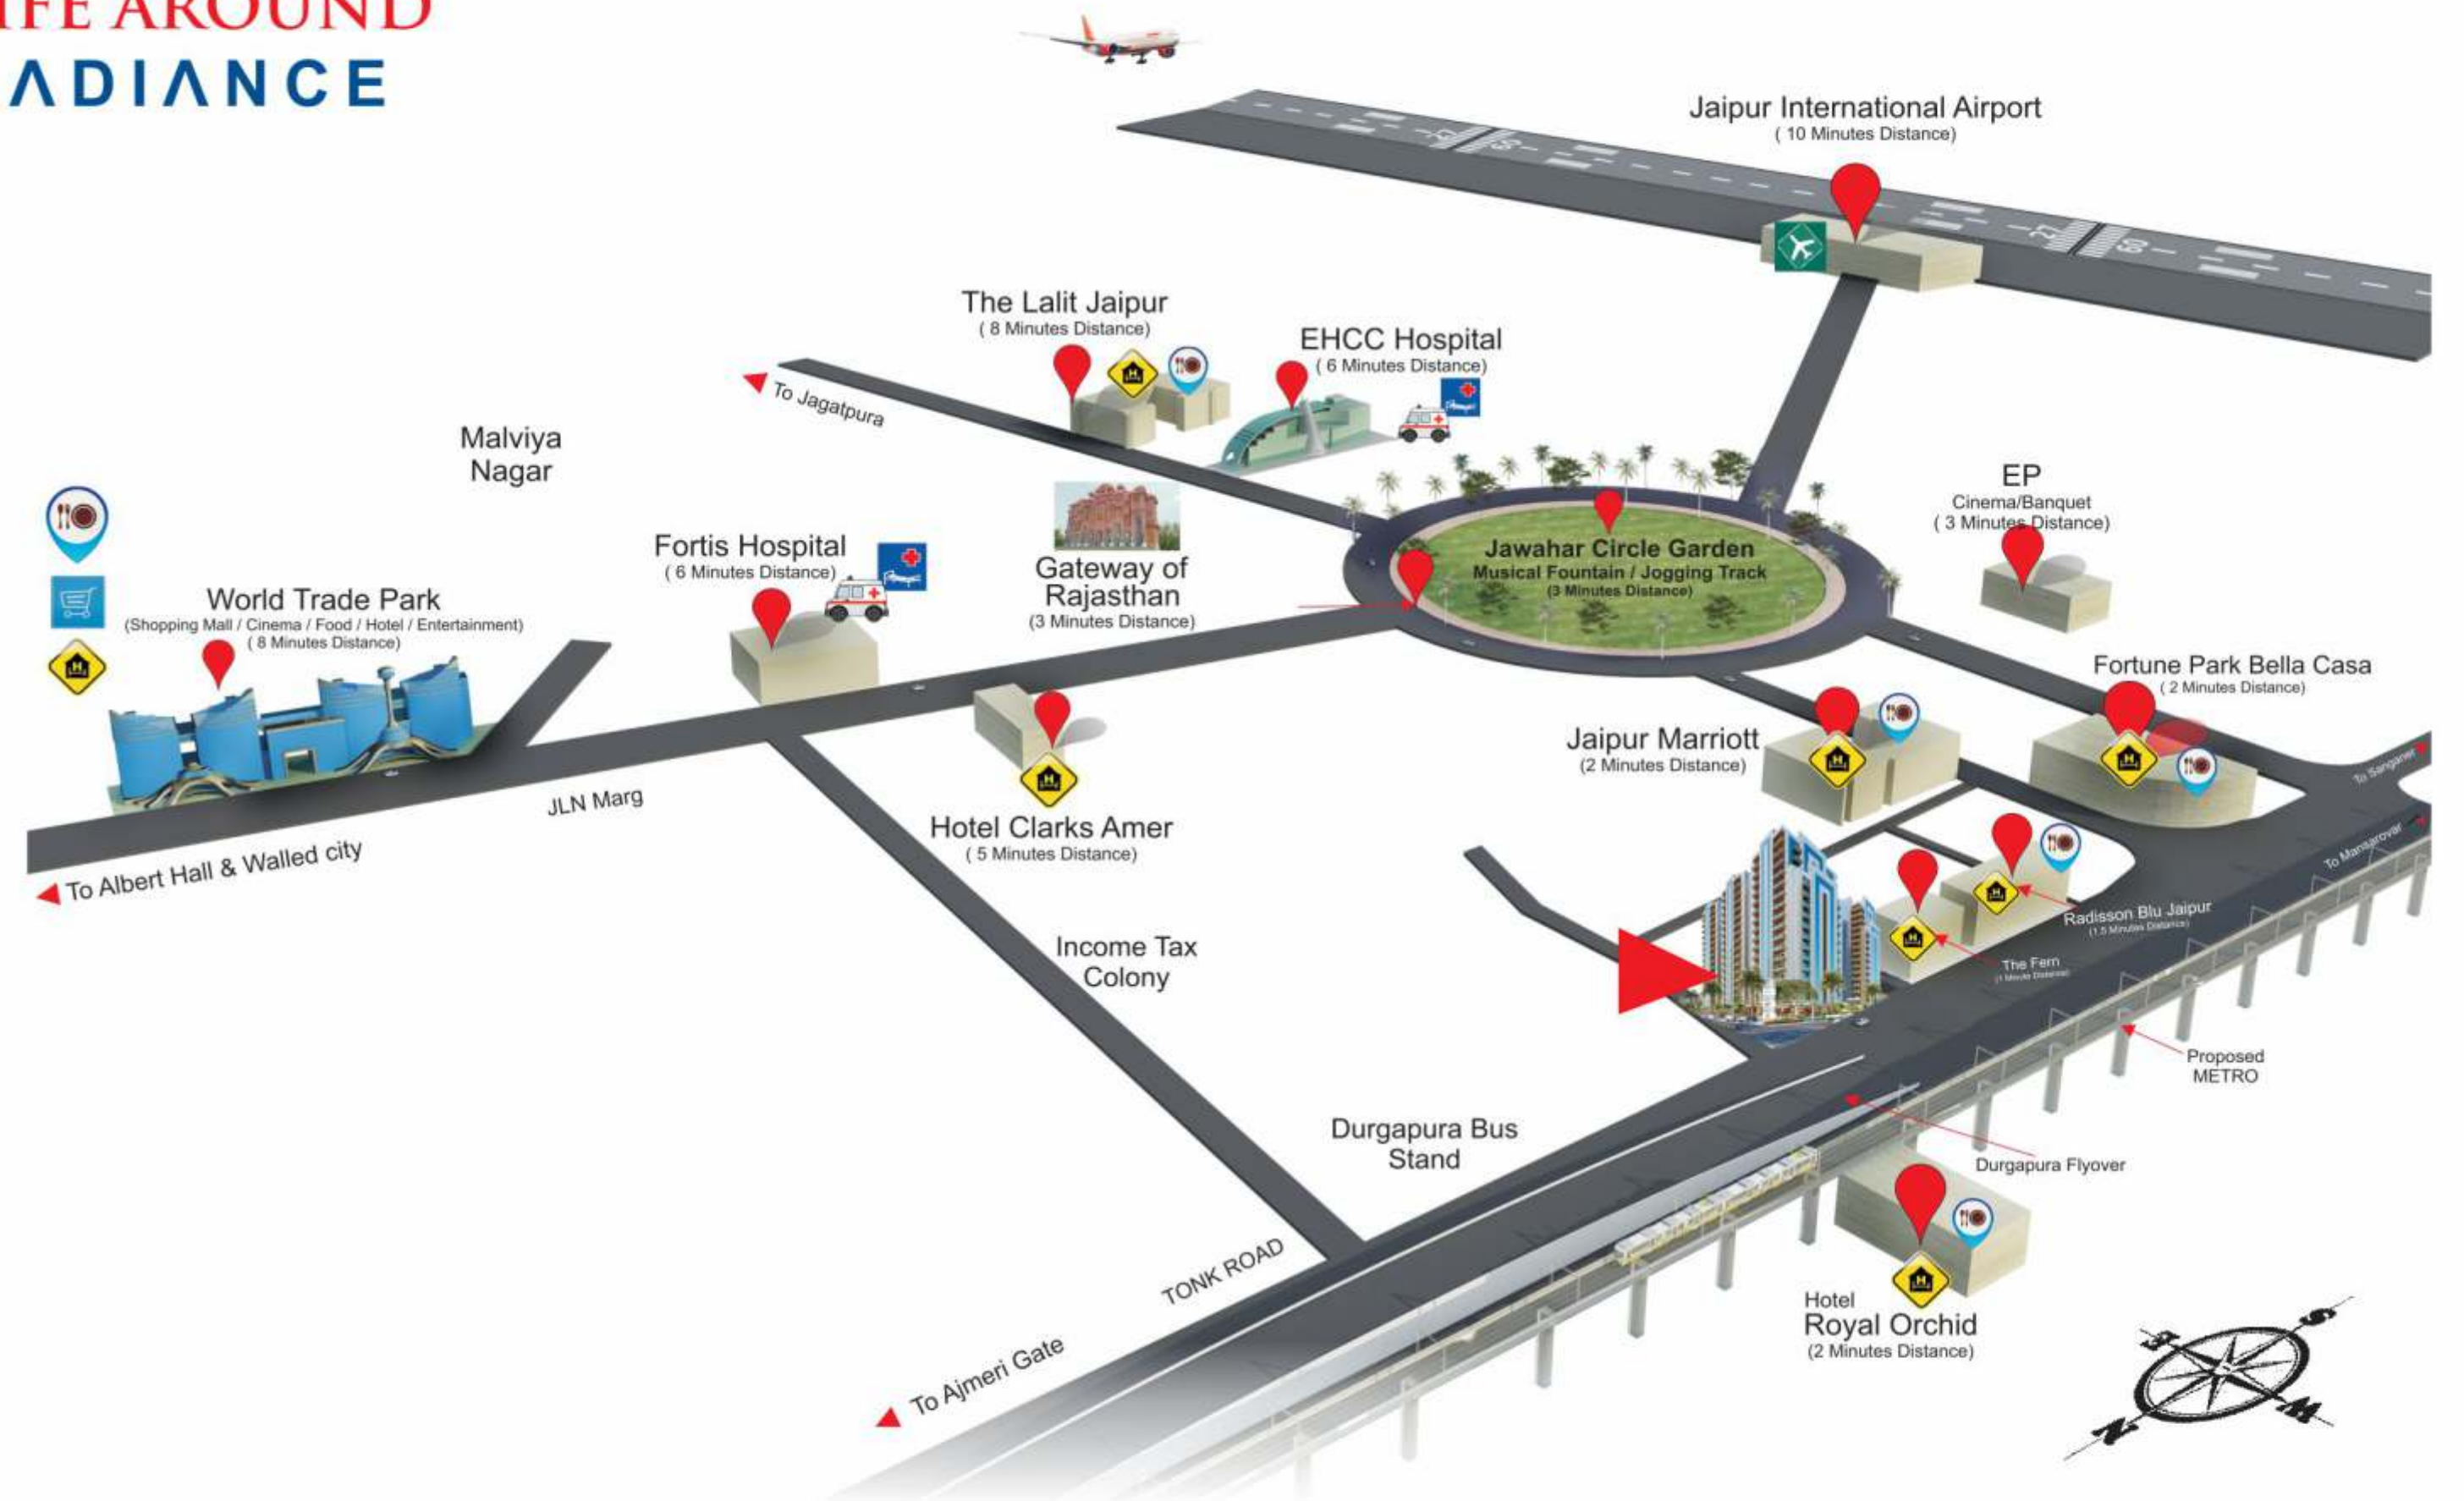

MALLS Gaurav Tower | World Trade Park | Cityplex

HOSPITALS Fortis | EHCC | Cocoon

PARKS Jawahar Circle | Smriti Van

ENTERTAINMENT JKK | Entertainment Paradise | Cinepolis | First Cinemas | Snow Planet

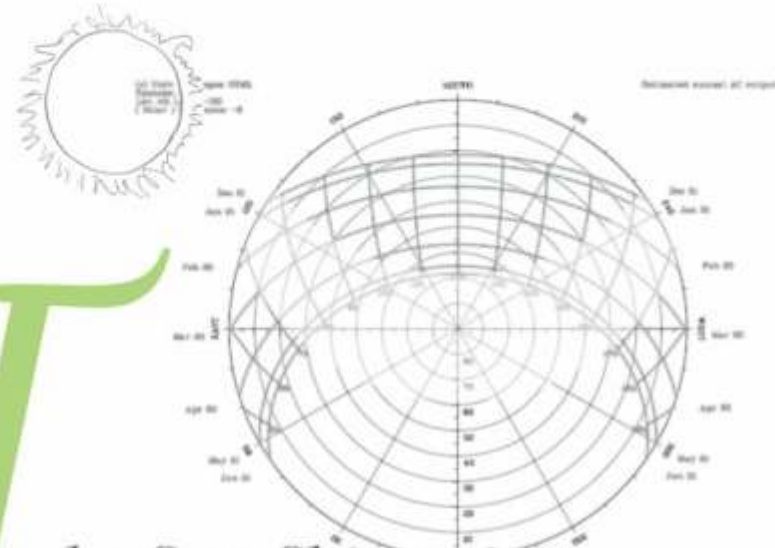

AIRPORT Jaipur International Airport

Summer Sun Path

Winter Sun Path

The Sun Shines & Illuminates Radiance

THE SOLAR PATH

Situated in the northern hemisphere. The solar path of Jaipur city provides maximum light from the south and west directions. Considering this fact, north-south avenue was envisaged between the blocks of the apartments. This would enable maximum flow of natural light to all the adjoining apartment bungalows.

Annual Wind Flow At Radiance

*Listen To The Wind
It Sings Melody Here*

THE WIND FLOW

The very orientation of the site, which is almost open on all the four sides, provides beautiful views from the north, west and the south lanes. The east blocks have been designed in a beautiful manner that has a central garden between the blocks, which enables more openness and pleasing looks from the overhanging balconies and terraces. This gap between the blocks provides ample wind flow, both east-west and north-south corridors, which will keep the apartment bungalows fresh with ample ventilation.

I

t's A Luxurious Modern Fortress

SAFETY & SECURITY

Today apartment living has become synonymous to secured living. Radiance is a project, which will provide a three stage check to ensure maximum security of apartment bungalows against fire, theft, trespassing and vandalism.

 - AUTOMATED BOOM BARRIERS

T

he Vedic Science For Harmony In Life

VAASTU SHASTRA

Radiance is built considering the age old architectural science Vaastu Shastra. The metaphysical plan of the Radiance incorporates the course of the heavenly bodies and supernatural forces. The God of structures - Vaastu Purush blesses protection, happiness and prosperity to its habitants. The Brahmsthan, i.e., the central part of Radiance is kept empty as Vaastu Shastra suggests. The main entry for Radiance is from the East direction. Majorly, all the developments are based on the ancient and yet relevant Vaastu Shilpa Shastra.
